

Solar Shelter Kit - Spreading the power of solar

Save money

No more candles, kerosene or travelling for charging phones.

No fire risk

The dangers posed by open flames are eliminated at a stroke.

Never run out of battery

Light up your world and keep connected.

Keep safe at night

Perfect for walking, cycling and moving around at night.

Multitask and hygiene

Keep your hands clean and free while you do your chores.

Compatible

Compatible with any shelter, with an easy to use, universal fixation system.

We are part of NRS International, the industry-leading, family-run company that develops and manufactures products for the humanitarian, public health, development and commercial sectors. With its world class H. Sheikh Noor-ud-Din & Sons factory, and its multicultural sales and marketing HQ in Dubai, we fully leverage their unique experience.

NEW

Solar Shelter Kit

Developed in collaboration with

International Federation of Red Cross and Red Crescent Societies
Shelter Research Unit

This development was enabled via S(P)EEDKITS, a project funded via the European Union's Seventh Framework Programme for research, technological development and demonstration (grant agreement 284931)

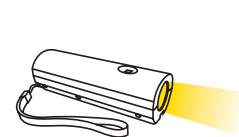

Enlight is committed to create a better life for people living without reliable electricity. We bring light, connectivity and convenience to millions.

We do this by tapping into a free, clean and renewable source of energy: the sun.

The **Solar Shelter Kit** promises to bring a better life to those living in humanitarian settlements set up in the aftermath of natural disasters and humanitarian crises.

Product uses

Bright torch

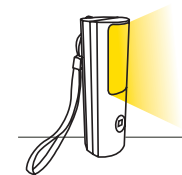

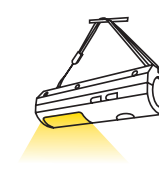

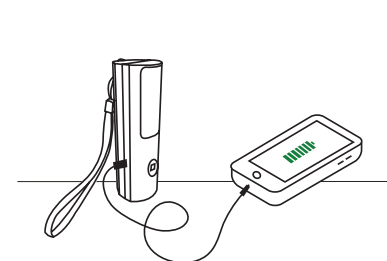

Table torch

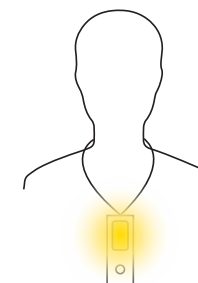

Ceiling torch

Wall torch

Smartphone charging

Wearable torch
